

Roll-a-Ramp

Portable & Semi-Permanent

Roll-a-Ramp is an aluminium modular ramp system that comes as a single piece ramp or as twin tracks. Both are easily rolled up or folded for movement and storage. Being modular they can be easily extended/shortened to any length required and are an ideal solution for domestic and industrial use.

Single Piece	Length	Overall Width	SWL	Weight
RARS3	3ft/910mm	30"/760mm	450kg	9kg
RARS4	4ft/1220mm	30"/760mm	450kg	12kg
RARS5	5ft/1520mm	30"/760mm	450kg	15kg
RARS6	6ft/1830mm	30"/760mm	450kg	18kg
RARS7	7ft/2140mm	30"/760mm	450kg	21kg
RARS8	8ft/2440mm	30"/760mm	450kg	24kg
RARS9	9ft/2745mm	30"/760mm	450kg	26kg
RARS10	10ft/3050mm	30"/760mm	450kg	29kg
RARS11	11ft/3355mm	30"/760mm	450kg	32kg
RARS12	12ft/3660mm	30"/760mm	450kg	35kg

Twin Track	Length	Overall Width	Total SWL	Weight
RARTT3	3ft/910mm	12"/300mm	900kg	4kg
RARTT4	4ft/1220mm	12"/300mm	900kg	5kg
RARTT5	5ft/1520mm	12"/300mm	900kg	7kg
RARTT6	6ft/1830mm	12"/300mm	900kg	8kg
RARTT7	7ft/2140mm	12"/300mm	900kg	9.5kg
RARTT8	8ft/2440mm	12"/300mm	900kg	11kg
RARTT9	9ft/2745mm	12"/300mm	900kg	12kg
RARTT10	10ft/3050mm	12"/300mm	900kg	13kg
RARTT11	11ft/3355mm	12"/300mm	900kg	15kg
RARTT12	12ft/3660mm	12"/300mm	900kg	16kg

Roll-a-Ramp is perfectly designed with multiple steps in mind as its 150mm long tread sections allow it to snake over thresholds and step noses so creating the most stable access possible. Its perforated surface allied to its strength make it perfectly suited to semi-permanent outdoor use. Handrails when fitted provide extra support to all users.
